DO YOU KNOW HIM?

Caught.

Dear Sir: There is a slick forger roaming this land of ours who should be behind the bars. He is a Mexican, or Californian, about 40 years of age, and weighs in the neighborhood of 155 pounds. His height is about 5 feet, 6 or 7 inches. When last seen he had a black moustache sprinkled with gray and hair of about the same color. When unshaven he has a scraggy beard. For a Mexican he is not very dark. His complexion, in fact, is more of a parchment. His eyes are black, and they gaze upon you as innocently as those of the chance acquaintance who wants your dough. His face is narrow, and generally wears a smile. He may go by the name of Francisco Perez, Miguel Llanes, Manual Llanes, Manuel Ramires, Luis Molino or any old thing. Upon first acquaintance he generally wants to let you cash a check. The accompanying photograph is a fairly good likeness of the gentleman we want. If you ever have the good fortune to be in his company, and know it, kindly tell him he's wanted. Telegraph this offce, and he'll be taken off your hands.

Respectfully yours,

H. R. FARLEY,

Sheriff of Monterey County.

Elkins; crime, murder in the second degree; sentence; thirty years; nativity, California; weight, 150 pounds; age, 26 years; height, five feet seven and one quarter inches; build, stout; complexion, fair; color of eyes, gray blue; color of hair, dark brown; square shoulders; large round face; small prominent ears; short thick nose; small mouth; upper lips overhang lower; upper teeth overhang lower; low broad fore-head; heavy eyebrows; thick short hands; large short neck.

It is supposed that this Elkins is now with his father, David L. Elkins, who is a man aged about 66 years, height 5 feet, seven and one half inches, dark complexion, blue eyes, gray hair.

The above picture of this Wm. H. Elkins is from a picture taken of him at the time he was received at the State Prison at Folsom, Calif., and is a good picture of him but he may change his appearance some by growing a beard; should he do this it would probably be of a light color.

The State of California through its Governor, Hon. James H. Budd offers a reward for the arrest of the said Wm. H. Elkins of Five Hundred ($500.00) dollars, which reward is not in any way dependent on any conviction, but is merely for the arrest and delivery to me.

J. J. CHILLEAS:—First arrested on the 17th day of February, 1897, on a charge of burglary but convicted on a charge of petit larceny; escaped from this County Jail on April 6th, 1897. This man is not at this time in good health, being suffering from the effects of a beating that he received in the city of Santa Cruz, Calif., on or about the 1st day of October, 1898, and in which scrape he shot a man; was in the Santa Cruz Hospital for treatment. At the time he (Chilleas) escaped he wore blue overalls that were too long for him, so were turned up at the bottoms; light colored jail shirt with a fine pink stripe; black frock coat; dark brown hat.

F. GRANT is described as follows :—About twenty-five years of age, height about six feet; thin face, sharp chin and long, weight about 150 pounds; very pale face with just the faintest signs of beard.

At time of his escape he (Grant wore a black hat; black shirt; dark colored pants, torn in seat on right hand side. Telegraph, me at my expense, any information regarding these men, to Merced, Merced County, California.

I ask all officers te be particularly alert in this matter, to watch your jails closely for the last two described men will surely be in jail again; closely scrutinize all your arrests.

WANTED FOR FORGERY.

$100 00 Reward. ~~200~~ $100

A man giving the name of Horace G. Winders. He is described as a man about 30 years old, height about 6 feet, weight about 155 lbs, slim built, light complexion, light mustache, small fat fluffy hands creases across the back when open, blue eyes, cheeks a little sunken. He wore when last seen a dark suit of clothes, black soft hat.

Is under arrest for a Job Lancaster Calif. June 1902

His mode of operating is as follows: He calls upon some attorney in a city other than the city in which he intends to operate, and asks him to name a good law firm in the city where he intends to operate, stating that he has some business to transact that will require an attorney. After getting such name or names, he obtains some business letter heads of the recommending attorney and on these he forges a letter as from the recommending attorney addressed to the attorneys recommended, in which a certified check on some well known bank, (check also forged) and deed to land. The letter has the recommending attorney say that he has written Winders to call on them, and for them to make the best terms with him that they can for the land that is described in the enclosed deed and which is being purchased from Winders, by one of their clients.

On the same day that the attorneys recommended, receive this forged communication containing deed and certified check, Winders calls upon them, with a letter addressed to himself (Winders) stating that the recommending attorney has sent check and deed to the recommended firm and that the amount is the very best offer that their client (who is always a woman) will make for the property and that if the sale is made it must be at once or not at all. Winders of course reluctantly accepts the offer made by the local firm, signs the deed, and the certified check being for a larger amount than Winders has agreed to accept must be cashed and must be endorsed. The recommended firm endorses it at a local bank, gets the money to pay the purchase price, take their fee out of the surplus, and in the end learn to their loss, that everything from start to finish is a forgery, except the signature of this bunco man (Winders) to the fraudulent deed and the certificate of the Notary Public, to his signature.

Forgery.

Please notify attorneys in your town, that if anyone answering the above description should "call" upon them for them to notify an officer at once.

The above reward will be paid for arrest and conviction of Winders. If located arrest, hold and wire me. I hold warrant for forgery.

The above reward will be paid for the arrest, or information that will lead to the arrest of Frank Weader, who escaped from the Orleans County Jail, at Albion, N. Y., on the 25th day of July, 1899.

DESCRIPTION.

Age 32 years; height 5 feet, 6 1-2 inches; weight 150 pounds; light complexion; brown hair; gray eyes; large opening between upper front teeth; front teeth filled with gold; small scar an inch long on back of left forearm; small scar like letter Y on back of first finger, left hand; wore brown mustache at time of escape, may have removed it since; eyes somewhat sunken; speaks in a low voice, and is gentlemanly in appearance; wore when escaped dark cutaway coat and vest, light pants, black pointed shoes with patent leather tips.

Was held on an indictment for horse stealing, at which he is an expert. He has already served nine years in the New York State Prison at Auburn, for the same offense. His mode has been to operate in large cities, steal horses from the adjoining country, and ship them by rail to other cities, where he would dispose of them. Will probably change his name. (The above is a fac-simile of his handwriting.)

Richard Duncan is well educated and has studied electricity, and very likely will apply for a position with some ELECTRICAL PLANT. He is quite well acquainted with the State of California, *having resided in San Francisco and Sacramento.* One of his frequent expressions is "Naturally so!" He has an English accent, although American born. It would be well to look among the Naval Recruiting Stations as he might enlist in the U. S. Navy.

There is no criminal charge of any kind against Mr. Duncan. The information sought is to relieve the anxiety of an affectionate father and mother, and the above reward will be paid to any person who will furnish the undersigned with the present stopping place of the young man referred to in this circular.

In addition to the One Hundred Dollars reward, we will pay all actual and necessary expenses to any person who will detain the young man until a representative from this Agency can arrive at the point where he is being detained.

ESCAPED!

One Warren C. Blake escaped from deputy constable in Hanford, Saturday night, Oct. 21st, 1899, while on his way to county jail, after receiving a sentence of four months in the county jail for embezzlement. When he left here he wore a white fedora hat with black band, black coat and vest, gray striped pants and tan shoes. He is 25 years old, medium complexion, height 5:9¾, eyes gray, hair dark brown and a little curly, thin face, smooth shaven and slender build. Scar from acid burn on left fore arm. He is a good musician, taught music at Hornitas, Mariposa Co., at which place he married under the name of A. P. Humes. He went from there to Ukiah, Humboldt Co., where he was known as C. Warren Blake, and was leader of the band up to June 17th of this year.

He will no doubt change his name, but if he stops in your town or city will identify himself with your band boys or music dealers, as his musical proclivites will crop out in spite of his efforts to the contrary.

If found, arrest and wire at my expense. I hold commitment on sentence to county jail.

Sheriff of San Joaquin County.

AUBURN, CAL., JANUARY 30, 1900.

DEAR SIR:

I hold warrant for forgery, committed in Auburn, Placer County, January 6, 1900, by a man giving his name as John Cole. This man has also given the following aliases: Louis Dunn, J. Sims, and A. Pierce, and may be going by one of these names now. The following is a very good description of him, to wit:

Age about 50 years; height about 5 feet 9 inches; weight about 190 pounds; complexion fair; very full face, and high cheek bones—cheeks very red and having appearance of being sun burned. On January 7, 1900, had a thick, light colored moustache. Size of hat 7½; size of shoe No. 9; size of collar No. 17 (was in the habit of wearing lay down collars). When last seen wore a dark suit of clothes, a black derby hat and lace shoes.

The following laundry marks were found on clothes left by him at a hotel, to wit: WX. F-11-3, VX91, VX61, and VX911. Wrapping paper in his valise from some laundry was marked WX, J. Sims 40c, and no doubt the clothes he wore on January 7th had "WX" marked on them.

This man was in Marysville on Dec. 13, 1899, and registered there under name of John Cole. He had an exceptionally large head, wearing a No. 7½ hat, and among his effects left a black fedora hat bearing stamp "The Great Wardrobe" Santa Barbara, with price mark GDP $2.50, marked on inside of hat band.

He is a poor penman and writes rather a foreign hand. (can furnish sample of his writing).

Do not know his true nationality, but believe him to be of foreign birth and at a glance would be taken for a Swede or German.

If he has allowed his beard to grow out, it would be coarse and streaked with gray and would now be three weeks old.

He worked as a carpenter in Colusa County under the name of Louis Dunn, in July 1899, and at that time claimed to be a widower with two children living in Los Angeles, Cal.

I will pay $50.00 reward for information leading to his arrest anywhere in California.

He has gone by the names of Frank Marsh, Frank Morton, and Frank Martin, and I am inclined to believe he is the same man who issued bogus checks for small amounts in Nevada County and other places, using the names of Thos. White, Henry Harrison, Robt. Tanner, Geo. Taylor and Alfred Terry. He may be going under one of the above names at the present time.

The following is a fair description of him, to-wit:

Age about 35 years.

Height about 5 feet 5 inches.

Medium complexion.

Color of eyes, blue or gray.

Dark brown hair.

When last seen had no beard, but may now have a dark stubby moustache.

He is rather slim build, and will weigh 125 or 130 pounds.

He is a very neat dresser, inclined to be a sport, and has been known to follow up horse-racing.

He is rather talkative, nervous and quick movements, is a good penman, and writes a good business hand.

I will pay $50.00 reward for his arrest, or information leading to his arrest anywhere in the State of California.

Office of Sheriff of Madera Co., Cal.

MADERA, CAL., June 25, 1900.

ON the 17th day of May of this year two stages, plying between Chinese on the Sierra Railway, in Tuolumne County, and Yosemite Valley, were held up a short distance east of Moffit's bridge, on the Tuolumne river, by a lone robber with a shotgun. The robber succeeded in obtaining about $150; taking no jewelry or anything that could be identified. The passengers state that this man spoke with a Swedish accent.

On the morning of the 2nd of this month, one private stage and three regular stages from Raymond to Yosemite were held up about two miles below Grub Gulch in Madera County, by one man carrying a Winchester rifle, his face masked with a blue bandana handkerchief, and his hands blackened. The private stage was held an hour and a half awaiting the arrival of the regular stages. The robber in the mean time joked with the passengers and appeared perfectly at ease. He gave the driver a slip of paper on which had been printed with a lead pencil, "The Black Kid," and said that they would probably become better acquainted. In the intervals between the arrival of the stages two United States cavalrymen, traveling in advance of their troop, were halted and disarmed, and a teamster held up. After the robbery of the last stage a second teamster drove up, was halted and the robber demanded his lunch and an ax with which to break open Wells, Fargo & Co.'s treasure box, which he had obtained from the mail stage. While engaged with this teamster, Troop F, United States Cavalry, appeared on the scene, and though he had taken everything as it came up to this time, the robber evidently concluded that a whole troop of United States Cavalry were too many for him, so he threw off his mask and took to the brush. The troopers were after him immediately, but though they scoured the country and searched the brush faithfully for several hours, he could not be found. They found near the scene of the hold-up a barley sack, evidently the property of the robber, containing among other things, a compass, pair of field glasses and twenty-four stamp photos.

p… a copy of stamp
t… he sack. Believing
c… sses of the man who
r… bberies I will pay a
g… he person who will … and antecedents of the man who sat for the original of these pictures in Fresno on May 21, 1900, provided that this information is furnished prior to his arrest. The photographer who took the pictures is unable to say whether the mark across the nose is due to a scar or a natural indentation in the nose. He is positive, however, that it is due to some peculiarity of the nose and not a fault in the negative.

The passengers' description of this man vary considerably—his height being placed anywhere from 5 feet, 8 inches to 5 feet, 10½ inches, and his weight at anywhere from 150 to 175 lbs. All agree, however, that he spoke with the accent of a Swede or German, and that his hair was a little lighter than medium where it could be seen below his hat on the back of his head. He was dressed in blue overalls, dark cotton shirt with narrow light stripes, black slouch hat and heavy brogan shoes.

This robber obtained about $280 and was also careful not to take anything that could be identified.

We have ascertained that the stamp photos found in the sack were taken in Fresno on May 21, 1900, but the photographer did not know the name of the man who had them taken. The compass, field glasses and a 38-55 Winchester rifle were purchased at a second-hand store in Fresno on May 23. The clerk who made the sale says that the stamp photos are perfect likenesses of the purchaser, and that he thinks he gave his name as Weller, though it may have been Willard or Mallard. The clerk described him as being a Swede about 5 feet, 10 inches in height, and weighing about 160 lbs., with medium mustache, inclined to be sandy, and hair a little lighter than medium.

The foregoing is a brief history of two of the most daring crimes in the annals of stage robbery in California, and there can be little doubt that both were committed by the same man. It is not necessary to say that it behooves every officer in this and adjoining States to use every effort to catch this man. He has the nerve to attempt anything, and is likely to be heard from at any time and at any place.

The State and Wells, Fargo & Co. each offer a standing reward of $300 for the arrest and conviction of this class of offenders, making a total of $600 that will go to the man who succeeds in landing "The Black Kid" behind the bars.

Sheriff of Madera County.

BURGLARY !

Since September 7th a series of burglaries have occured here. It is evidently the work of one man only. He may strike your town at any time. He is a window-worker, and generally does not take jewelry—looks for money only. His method is to try the pantry window, and if such is not "right" he will then try the window on front or rear porch. Generally selects a corner residence where porches are shaded either by vines or trees. He takes alleys instead of streets going to and from "work." Wore, while operating here, No. 8½ or 9 pointed-toe shoes. After prying open the window with a jimmy, which leaves an impression on the sill like the end of a large, flat screw driver, he removes his shoes, sneaks up to sleeping apartments, takes clothing of sleepers out in hall and takes the coin and departs. He will tackle 3 or sometimes 4 houses in a square block, generally operating between 1:30 and 3:30 a. m. On September 7th and 8th he entered 3 houses and tried 3 more. Took 1 old style diamond stud, black enamel; 1 pair gold spectacles; 1 open face gold watch, case No. 80,639; 1 gold handled pen knife, diamond setting; all told, $85.00 in coin—left lots of jewelry behind within his reach. From September 8th till September 21st he did not operate, evidently having left town. Since September 21st till September 26th he entered 8 houses and tried 3 others, but only got $15.00 in coin; left lots of jewelry.

From the residence of Dr. F. W. Hatch, 1207 O street, he took, on the night of Sept. 23d, $7.00 in coin, one diamond stud, with peculiar safety cross bar, and a solid open face gold watch, Swiss movement, No. 51,357, case No 51,357; on case was monogram "F. W. H."; inscribed inside of case, "presented to Dr. F. W. Hatch by his friends at the Napa Insane Asylum."

We have no description of the burglar. Should you be able to place such a "worker," or should similar jobs be done in your vicinity, kindly notify me by letter.

WOMAN RECOGNIZES THIEF BY PICTURE.

ALFRED GATIA.

JULIA CARPI.

INFORMATION received yesterday by Captain of Detectives Seymour convinces him that Julia Carpi and Alfred Gatia, who were arrested by the Los Angeles police Sunday night, are Julia Gonzalerki and Francis Gardelli, the crooks who looted the residence of Mrs. Catherine Espinoza, 2400 Harrison street, three weeks ago. Photographs of the prisoners, with a description of the jewelry found in their possession, have been received. Mrs. Espinoza identifies the photograph of the woman and recognizes in the description of the property many of the jewels taken from her strong box.

Mrs. Espinoza came here from Guatemala only a few months ago, with the intention of spending the winter. After securing a home she advertised for a servant. A pretty, dark-haired Austrian who could speak Spanish fluently proved to be the most satisfactory of the applicants. Under the name of Julia she was installed as a waiting maid, and proved to be efficient, careful and ever alert to provide for her mistress' comfort. So successfully did she carry out her part that she soon had the run of the house and was trusted implicitly.

Mrs. Espinoza kept her jewels and money in a small locker in her bed chamber. The door was always kept locked and the key placed in a bureau drawer. Julia had not been in the house more than a week before she learned where the key was kept. For three weeks she went about her duties unconcerned with the locker and its valuables, but one Saturday afternoon after Mrs. Espinoza had returned from the bank with a heavy laden pocketbook Julia decided that it was time to operate. The next night, while Mrs. Espinoza and the rest of the family were away, she secured the key and was soon in possession of $400 in coin and $1500 worth of jewels. At 9 o'clock that night Mrs. Espinoza realized for the first time that her confidence had been misplaced. The police were notified, but before they could get a clew Julia and her companion, Francisco Gardelli, were speeding on their way to other fields.

The woman is believed to be a stranger on this Coast, although her clever work convinces Captain Seymour that she is a crook of experience and skill. Little is known of her companion, who seems to act only as a receiver of the stolen goods. If the Los Angeles authorities cannot make out a case against the pair they will be brought back here and tried for the Espinoza robbery.

EASTERN.

NEW YORK, April 16.—The downward course of Lead in London was unabated to-day, prices having further declined 3s 9d to £12 2s 6d, touching the lowest figures in years. The principal cause attributed to the weakness is heavy shipments from this country. New York alone shipped 4200 tons abroad since the 1st of April. Lead in local circles, however, remains inactive and unchanged at $4 37½. There was a sympathetic rise of about 15 points on bid figures for Tin to-day, and as prices took another move upward in London trading, nevertheless, was very slow and our market closed firm but quiet at $26@26 50. At London the close was firm at £117 7s 6d for spot and £114 5s for futures. Although a steady undertone was prevalent in Copper, prices were more or less nominal owing to the absence of business, with the closing basis at $17 for Lake Superior and $16 62½ for Casting. In London an advance of 10s was noted, making spot £70 17s 6d and futures £71 10s. Spelter ruled quiet and about steady at $3 90@3 95. No. 2. Aged 32 to 37, height 5 feet 9 or 10, weight 150 to 160, dark hair, dark complexion and dark mustache if any.

No. 3. Aged about 40, height 5 feet 10 inches to 6 feet, rather stout build, weight 185 to 190, dark hair and complexion, dark mustache, speaks with Irish dialect in gruff voice, is a heavy drinker and cigarette smoker.

** There is also a woman remotely connected with the case, she having been with No. 1 at the time negotiations were being made to rent the house which was afterwards used as young Cudahy's prison. She is described as being aged 20 to 23 years, height 5 ft. 4 to 6 inches, weight 130 to 135 pounds, very heavy dark brown hair, one front tooth gold plated, which is noticable when she speaks, and has the resemblance of being solid gold, pale complexion, of delicate appearance, wore an imitation Astrakan black cape, black winter hat with long black feather, and she will likely be found in company with Pat Crowe.

In affecting a trade for the pony used by No. 1, a Hunter case, gold filled watch, was given as part payment. The watch is an Elgin Giant, case No. 46614 horse's head with bridle engraved on back, and a shield on front case around which are floral engravings, has a cheap Elgin movement No. 5017624.

The $50,000.00 is offered as follows: $25,000.00 by the city of Omaha and $25,000.00 by Mr. E. A. Cudahy, to be distributed as follows, the city of Omaha and Mr. Cudahy having agreed each to pay, $5,000.00 for the arrest and conviction of any one of the kidnappers, $15,000.00 for the arrest and conviction of any two of the kidnappers, and $25,000.00 for the arrest and conviction of all three of the kidnappers of E. A. Cudahy, Jr.

To avoid any unnecessary commotions, I would suggest that photographs be sent to this office, of any suspects who may be arrested for the above crime, as the only way we have of identifying No. 2 and No. 3 will be by photographs.

DO YOU KNOW HIM?

On the night of December 25th, 1900, a stranger giving the name of Henry Green gave himself up to us, saying that he had murdered a man named Feeney, near Farwell, Michigan, in 1877, minutely describing how he had knocked Feeney in the head, cut his throat and robbed him of $600 in greenbacks, then sinking his body in the lake. He said the reason why he surrendered himself was because the murdered man's face haunted him whenever he had been drinking and he had now made up his mind to have himself put where he could get no liquor and would then not be troubled with this ghastly sight. He was sober when he made the confession. The next day he regretted it and wanted to take it back. Descriptions: Henry Green and aliases, age 46, height 5 feet 7½ inches, weight 160 pounds, medium complexion, hair dark mustache reddish, eyes gray, bushy eyebrows, scar underneath right point of chin, scar from shot wound below left shoulder blade, scar left knee cap. SACRAMENTO, Cal., January 7, 1901.

DO YOU KNOW HIM?

On the night of December 25th, 1900, a stranger giving the name of Henry Green gave himself up to us, saying that he had murdered a man named Feeney, near Farwell, Michigan, in 1877, minutely describing how he had knocked Feeney in the head, cut his throat and robbed him of $600 in greenbacks, then sinking his body in the lake. He said the reason why he surrendered himself was because the murdered man's face haunted him whenever he had been drinking and he had now made up his mind to have himself put where he could get no liquor and would then not be troubled with this ghastly sight. He was sober when he made the confession. The next day he regretted it and wanted to take it back. Descriptions: Henry Green and aliases, age 46, height 5 feet 7½ inches, weight 160 pounds, medium complexion, hair dark mustache reddish, eyes gray, bushy eyebrows, scar underneath right point of chin, scar from shot wound below left shoulder blade, scar left knee cap. India ink: Anchor base left thumb; five-pointed star base right thumb; ballet girl inside left forearm; heart pierced by arrow left upper arm; Goddess Liberty with "America" on streamer underneath. Was Convict 1902, Jackson Penitentiary, Michigan, six years for burglary, discharged 1884.

If you know this man, kindly let me know at once.

POLICE BREAK IN ON GREEN'S PLANS.

Man Arrested for Stealing a Necktie Pin Proves to Be an Old and Famous Criminal.

JOE GREEN, who was arrested in front of the Orpheum Tuesday night by Detectives Reynolds and Hamill, is a noted crook with a record of daring and desperate crimes committed on both sides of the continent. He was recognized by Detective Bainbridge as the man who, eleven years ago, harbored a gang of safe-crackers in a saloon which he conducted at the corner of Harriet and Folsom streets. He was forced to leave here by the police, and has since kept the sleuths of Eastern cities busy by his daring crimes.

Green and his companion, C. H. Merrill, were arrested for snatching a pin from the necktie of F. C. Berry, son of a Klondike miner, as he was entering the theater. Reynolds witnessed the robbery and took the men into custody. Berry swore to a complaint yesterday before Police Judge Fritz, charging the men with grand larceny. The pin was a cluster of diamonds valued at $125.

Green's right name is Hudnall, but he is known to the police as Hull, Hathaway and Fairchild. He admits his identity, and says that he came here so as to be on hand when the President arrives. When searched a newspaper clipping giving the itinerary of the President's trip was found in his possession. To an inquiry from Captain Seymour he replied: "It is safe to say that there are 500 pickpockets stationed along the line of the route, and is it any surprise that I should have an itinerary?"

While conducting his Folsom-street saloon Green was arrested with "Reddy" Cain, a pickpocket, for robbing a man on Market street. Cain was sent to San Quentin, but Green succeeded in escaping punishment. In the early part of 1888 he brought out here a desperate gang of cracksmen who worked all the interior towns and brought their booty here to sell. In one night they robbed nine safes in Sacramento. The police are pleased that Green should have been captured before he had a chance to carry out any extensive work. The case against him is strong, and he will be vigorously prosecuted.

Ninth. Larceny from street letter-boxes, or from boxes rented in a post office, or from any public receptacle for mail matter, will be regarded under this offer of reward as of the same effect as larceny from a post office proper.

Tenth. Special rewards will be paid for arrests and convictions for offenses against the postal laws not specified in this offer of reward, where in the opinion of the Post Office Department the facts justify the same.

The postmaster and his subordinates at every post office at which a larceny, burglary, or robbery may occur are barred from receiving any of the above rewards for the arrest and conviction of any person on the charge of stealing from or burglarizing such post office, or robbing the postmaster or any employee thereof of property of the United States; and the contractor and subcontractor on every mail route are likewise barred from receiving any reward for the arrest and conviction of the carrier or other person for the embezzlement or larceny of mail matter, or valuable thing contained therein, while in the custody of such carrier or being conveyed over such route.

The Post Office Department reserves the right to refuse payment of any claim for reward when in its opinion there has been any collusion, or improper methods have been used, to secure arrest and conviction thereunder; and to allow only one reward where several parties have been convicted of the same offense, unless the circumstances entitle the claimant to a reward in each case.

These rewards will be paid to the person or persons causing such arrests and convictions upon presentation to this Department of satisfactory documentary proof thereof; but no claim for any of the above rewards will be entertained by this Department **unless presented within six months from the date of conviction.**

Applications for reward under the above offers should be forwarded to the Fourth Assistant Postmaster General.

All previous offers of reward are hereby rescinded, except as they may apply to cases in which arrests have already been made.

NCISCO. TUESDAY EVENING, FEBRUARY 18, 1902

THIS ROBBER MAY NOT LIVE OUT HIS TERM

Hill, Who Held Up Stage, Gets Thirty-Six Years.

Confessed Guilt, but Says He Would Not Rob Men Wearing Overalls.

AUBURN, Cal., Feb. 18.—Stage Robber H. C. Hill was yesterday sentenced by Judge Prewett in the Superior Court to serve a term of thirty-six years in the penitentiary. As he is 52 years old the sentence is virtually for life. The prisoner robbed the stage running between Colfax and Forest Hill August 3d last.

Hill was captured by Constable Forsythe, accompanied by two other men, one of whom was J. G. Manor, sent out for the purpose of identifying the robber. Hill was working on a milk ranch about four miles from the town and started from the ranch in a surrey with the officers without objection.

Soon after they started, however, Hill grabbed a revolver from a package he carried in his lap, jumped fom the surrey and fired at his captors. His bullet went wide and he stumbled over a wheel rut. He fired again with equally bad marksmanship, but by this time the officers had their guns limbered. Forsythe shot Hill in the jaw, Manor shattered the fingers of his right hand, and then two deputies from Colusa county, who were also after the man, came along and pinked him in the shoulder and hip.

Hill kept on firing until the last-named shots brought him to the ground, but he failed to touch any one. He was cool, however, when again taken into custody, and complained of his ill-luck in tripping when he jumped from the carriage.

Hill has a bad record. He has served terms in both Folsom and San Quentin, the former for stage robbery and the latter for grand laroeny. The robbery for which he has just been sentenced consisted of the holding up of five passengers. Afterwards he went to Tulare, where he robbed a man of $200, and from there he went to Williams.

At the time of the robbery he manifested considerable grim humor, for after compelling the five passengers to stand up in a row, he ordered Frank J. Powell, the stage driver, to pass the hat, remarking that it reminded him of a collection at a society charity fair.

H. C. Hill.—Stage Robber.

The passengers who were robbed were George A. Gray, a drummer for A. Schilling & Co., San Francisco; H. C. Morrill, agent for Norton, Teller & Rohden of San Francisco, and three miners named William Crab, M. Partridge and James Graves.

Hill made a full confession to the District Attorney, in which occurred the following:

"Well, when the stage came along, I throwed a shotgun down onto it and holloaed 'Halt!' I asked for the box and they said they didn't carry any box. 'Well,' I says, 'if you don't carry any box, I will have to rob the passengers, I guess; I got to have some money.' I believe I asked him (meaning the driver) if there was a messenger aboard, or something like that. I made some kind of a threat to him; I wanted to intimidate him. He says no, and I says, 'Don't you tell me any story about it now, I might shoot you,' and all of them spoke up and says, 'No messenger aboard.' I looked at the men pretty close; I don't think I robbed only two men. The papers said I robbed three; I might have done it, but I don't think so. I didn't aim to rob any of them men dressed in overalls, because I didn't want nothing from any man that worked."

Dear Sir:-

I hold warrant for obtaining money by false pretenses against Starr C. Pardee. He passed a number of bogus checks here, and we heard of him a week ago in Santa Cruz, where he was with his wife and child. To-day we received a bogus check that he passed in Los Gatos yesterday or the day before. It is quite probable he will show up in San Jose, if he is not there now. Pardee was formerly in the insurance business here, but lost his position through crookedness. He used to travel in high society in Oakland.

Pardee is 40 years of age, wears glasses, is tall and slim, smooth-shaven, light complexion, and neatly dressed.

Please keep a sharp lookout for him. His method here was to make small purchases at stores, tender a check in payment, and get the change in cash. He was arrested at Stockton sometime ago for the same kind of work.

Yours truly,

John F. Seymour

Captain of Detectives.

Police Court. For there are members of that body who are convinced that a scheme of the politicians is already in operation to harass the Grand Jury in its investigation and get the Sullivan cases out of the way at whatever cost in order that others may not be brought into the scandal.

Sullivan's Attitude.

Sullivan's own attitude when requested by the Grand Jury for a full statement of all he knows regarding the manipulation of bail money in the Police Courts is regarded by the Grand Jurors as another phase of the plot to save persons whom he could incriminate. His only response was that he could tell no more, and could not implicate others. For this the Grand Jury voted Friday to bring in two indictments against him.

That Sullivan has no fears for the future was quite apparent from his demeanor yesterday in the City Prison. He appeared to understand that the danger was past; that as he would say nothing about his former associates in the Hall of Justice, they would do their utmost to fight his battle—a really easy matter in the opinion of grand jurymen, when witnesses may be induced to change their evidence to suit the defense. So it was merely a question with him of how long the trials will take before he can get his freedom. He reviewed the situation complacently, saying:

Losing no Sleep.

"I am not worrying at all, because I know exactly how the matter stands. Nobody is out a cent, and whatever balance is still due will be paid in full. There will be four cases, I suppose, in all, besides the one dismissed yesterday by Justice Long. And they will all turn out the same—that there was no intent to deceive anybody. Why, yesterday's case was dismissed on the testimony of the prosecution, without putting on one witness for the defense. The others are, perhaps, a trifle different, yet the same thing holds good with regard t them, only I see that Judge Fritz has p the bail in the last case at $5,000 instead of $2,000.

"What I want to know is, how soon they will all be disposed of, or when I'm going to get out of here, so I'm naturally anxious to have the cases decided. The Grand Jury may cause some delay, however.

"I don't understand why such fuss has been made over it, anyhow. As I said before, nobody is out a cent. I have the money in safekeeping, to be paid back at the right time. Where is it? Well, that is what Captain Seymour asked me after I came back from Colfax. I didn't know what I was doing before at, having taken a little too much, but I brought back nearly all the coin I had on leaving. I said to Captain Seymour, 'Take it now and the rest is safe.' I don't know any more than I told the Grand Jury.

Covered by Warrants.

Whether the Grand Jury will find it necessary to present at court next Friday the two indictments against Sullivan, as voted on last Friday, is regarded as doubtful. The cases on which these indictments were found have been covered by warrants sworn out Saturday in the Police Courts. Were indictment filed, Sullivan would have to stand trial in the Superior Court, but under the other system he is assured a preliminary hearing in the Police Court—a more expeditious method of dismissing the charges. The two indictments voted for last Friday are for forging Judge Mogan's name to order for the return of bail money. One was for the alleged forgery of Judge Mogan's name on an order on the treasury authorizing the payment of $50 bail money deposited in the case of J. C. Wilson. The other one was for forging the Judge's name to an order for the bail money in the case of Jennie Foster, charged with vagrancy. Warrants have been served in both, thus taking the cases out of the Grand Jury's hands and opening the way for friendly examinations in the lower court.

Evans claims there is no conflict in his testimony as given before the Grand Jury and in the court, as he did not state in the latter place that his name was not forged by Sullivan.

been subjected by his multi-millionaire wife, much of whose vast wealth is derived from the General Omnibus Company of Paris, of which she is the chief owner.

The Duchess, who is of plebian origin and widow of the late Perfect of Police Camescasso, is now suing the Duke for divorce, merely because she declares she will not live with him and longer.

The Duchess will receive her decree and will at the same time be permitted by law to retain the name and the title of Duchess of Tarente, which will handicap the Duke if he wishes to marry again.

Nor can the very small amount of alimony which she will have to pay him be any compensation for the diminished value of the only asset which he possesses, his title and coronet.

The experience of the Duke in his matrimonial venture has been such that in the future nobles who contract rich marriages to re-gild their coronets, are likely to take the precaution of stipulating that in the event of a divorce the title and the name which they have virtually sold, shall be restored.

MARLBOROUGHS HAVE MADE UP

Father-in-Law Vanderbilt Brings Young People Together.

PARIS, April 21.—The Duke of Marlborough, after a month in the south of Spain, came to Paris a week ago, and stopped at the Hotel Bristol, on the Place Vendome. While the Duke was in Spain the Duchess of Marlborough has been in Paris, and for the past three weeks she has been staying at her father's mansion in the Des Champs Elysee. After the Duke returned from Spain he visited his father-in-law, where he saw the Duchess. This morning the Duchess drove to the Hotel Bristol, where she was joined by the Duke and then the Marlboroughs proceeded to London. This would indicate that if discord existed between the Duke and Duchess of Marlborough that their father had succeeded in smoothing it.

LONDON, April 21.—The Duke and Duchess of Marlborough, who left Paris this morning, traveled together and arrived in London tonight. They proceeded to Warwick House.

GOVERNMENT WANTS FINANCIAL AGENTS.

Will Select Them for Posts in the Philippines From Civil Service List.

WASHINGTON, April 21.—The Civil Service Commission announces that the examination advertised for April 23d for the position of department assistants in the Philippine service has been postponed to June 3d and 4th, and that this examination will be held in any city in the United States where postal free delivery has been established. Competitors in the examination in addition to taking the regular examination required for this position, also may take one or more of certain optional subjects, for which due credit is given.

Particular attention is called to the fact that within a few months it is probable that a number of financial agents will be needed. These agents will be selected from this examination and the selections confined, so far as practicable, to those who have shown proficiency in the optional subjects of bookkeeping and finance, and who have passed the regular examination. The salary of the position of financial agent will be about $2,000 per annum.

The entrance salary of the position of department assistant will not be less than $1,200 per annum.

MORE OF A HERO THAN HER SPOUSE

Mrs. Bernard Berlin Captures a Supposed Thief.

Bernard Berlin's wife appears to be cast in a more heroic mold than Bernard Berlin. In a brisk chase last night after a supposed burglar she showed the mettle of which she was made, while her better half's action was altogether in the line of desertion.

The Berlins live at 616 Jones street. About 9 o'clock last night, while Mrs. Berlin was busily engaged in putting her children to bed, a man opened a window and entered the house. Mrs. Berlin, seeing the intruder, screamed for help. The man ran to the window through which he had entered, jumped out and took to his heels. Berlin heard his wife's outcry and hurried to her assistance. When told what had happened he gave pursuit, overtaking the fugitive at the corner of Taylor and Geary streets. The fugitive turned fiercely upon his pursuer, who immediately took to his heels.

In this reversed position the pair sped along Geary street back to Jones, where the erstwhile fugitive gave up his chase of Berlin and retreated toward Taylor street.

Meanwhile Mrs. Berlin had hurried forth to witness the outcome of her husband's man hunt. When she saw Berlin speeding along Geary street in one direction and the suspect sprinting toward another objective point she followed the man who had entered her house. When she overtook him Mrs. Berlin seized him and blew a police whistle.

Policeman Chappelle was attracted by the alarm and placed the man under arrest. He was under the influence of liquor and was charged with drunkenness. At the City Prison the prisoner said his name was B. M. Raiford, a salesman living on Jones street, near Ellis.

STEERED FOR THE TREES.

Mistake of a Steamer's Mate Results in Loss of the Vessel.

VANCOUVER (B. C.), April 21.—The steamer Comox, owned by the Union Steamship Company of this city, lies piled up among the rocks at the head of Fredericks arm. The steamer went aground at midnight last night. She was trying to land at a wharf opposite a village, but in the gloom the chief mate, who was in command, mistook a light on the hill for the wharf and accordingly steered into the trees. The engines were reversed, but the propeller was stripped against the rocks and a moment later the steamer was carried by the heavy ebb tide and thrown up on shore. Her passengers came on deck in an orderly manner and walked ashore. They were brought to the city this afternoon by the steamer Saga.

The Comox was worth about $55,000. A steamer and wrecking outfit are being sent north to raise her, but as she went on at high tide the task will be a difficult one. The extent of her damage is unknown. She was fully insured.

KOREAN LOAN FROM FRANCE.

Decides to Borrow 5,000,000 Yen to Construct a Railway.

YOKOHAMA, April 22.—The Korean Government, according to advices just received from Seoul, the Capital of Korea, has decided to borrow from France 5,000,000 yen for the purpose of constructing the Northern Railway from Seoul to Wiku. It is asserted that it was the objection to pledging the Korean customs as security for this loan which created a desire in certain quarters for the dismissal of Mr. McCleavy Brown, Director-General of Korean customs.

According to the same advices Vice-Admiral Seymour and Sir Claude MacDonald, British Minister to Japan, have arrived at Chemulpo, Korea, on board the British cruiser Powerful, and it is expected that they will have an audience with Emperor Li Hsi.

The correspondent adds that Russia is attempting to secure a lease of Chin Hai Bay.

EXAMINER. SAN FRANCISCO MONDAY MORNING. APRIL 22.

THIEVES HEADED FOR THIS CITY, THEIR EYES INTENT ON PLUNDER

Police and Railroad Detectives Notified of Army of Criminals on Its Way to Gather Spoil Among Crowds Coming to Welcome the President.

A crowd is the opportunity of the criminal. Where vast throngs gather he finds the easiest field for his nefarious arts. There he waxes fat on wallets and watches and precious stones. The nimble fingers of the pickpocket empty the purses of the unsuspecting, while his pals, the sneak thief and the porch climber invade the deserted homes of a joyful people.

Such an opportunity as will be offered during the approaching visit of President McKinley is too good to be overlooked by the thieves of the country. That they are not ignorant of it is shown by reports received here by police and railroad detectives, showing that an army of crooks is headed this way. Every effort will be used no doubt to take care of the gentry, but it is well for the public to take no chances. During the celebration, keep your hands on your pocketbooks! Put extra locks on your doors and windows and, on no account, leave your homes unguarded.

HANDS on your pocketbooks! An army of thieves is headed for San Francisco. They come prepared to reap their harvest from the vast crowds that will gather next month to greet President McKinley on his visit to the Coast.

From all the cities of the Coast they come, the cleverest of their kind in all branches of the criminal class, and in their wake follow the ragtag and bobtail of the untold army of crime, ready for any occasion to turn a dishonest penny. If the occasion does not offer they are prepared to make it.

RICHARD PRESTON, alias "WINDY DICK."

Once more, hands on your pocketbooks.

And should you leave your homes to mingle with the welcoming crowds let somebody stay on watch and keep strong locks on your doors and windows.

If you do not you may be sorry; but that will help you no more than will the San Francisco Police Department. Providence, ordinary precaution on the part of the people and the efforts of railroad detectives, who must show activity to hold their positions, may circumscribe the operations of the criminals in the wake of the Presidential party. The railroad detectives are already at work. Superintendent C. C. Crowley of the Southern Pacific detective force has received information that in addition to the usual camp-following criminals found at every great gathering there are headed now for San Francisco the following stars in their profession:

ED WILLIAMS.

Richard Preston, alias "Windy Dick."
Ed. Williams.
Bob Sherwood, alias "The Gorilla."
Daniel Nugent, alias Jas. Davis.
Minnie May, alias Minnie Daly, alias Nugent.
Jas. Williams.
Geo. Monroe, alias Louis Lebers, alias "Little Louie."
Billy Wallace.
George Hilton, alias Teddy Kingston.
Henry Johnston.
Robert M. Cashbourg.
Brainard Yale.
Charles A. Willis.
Edw. Marden.
Jas. Jordan.
Baldy Welch.
Elmer Anderson.
Jas. Roach.
Kid Looney.
O. K. Kid.
Wm. Dean.
Annie Carruthers.

BOB SHERWOOD, alias "THE GORILLA."

DANIEL NUGENT.

The photographs of this group of criminals have been obtained by "The Examiner" any may serve good purpose in aiding the public to identify these thieves should they be met with in any crowd. The list given above is inclusive of pickpockets, the most notorious in that calling. For years they have made it their business to be where crowds are the thickest. Most of them were at the great Dewey celebration in New York; others were at Peoria, Ill., last October when President McKinley visited that city. So persistently did the majority of them follow the last election-eering tour of William J. Bryan that he became familiar with their faces and several times aided the police in capturing them.

MINNIE MAY.

All of these criminals are stars in their way, in spite of the fact that time and time again they have fallen into the hands of the police of various Eastern cities, where either through their ability to "fix" or "square" matters, or their own cleverness, their sentences have invariably been light.

JAMES WILLIAMS.

Danny Nugent, who has grown gray picking pockets, and his alleged wife, Minnie May, alias Daly, alias Nugent, are easily at the top of the criminal ladder. Danny is a two-hundred-pounder and is what is commonly known as a "stall"—that is, he gets into disputes, talks loudly in a crowd, or does any one of the things necessary to gather a crowd, following it up with the jostling necessary to get the victim in position to be "touched off." In the person of his alleged wife he has an adept partner to perform that operation. What she does not get on a victim's person she does not reach for. Her depredations have been so numerous and so clever that she is regarded as a special star in the female class. She is thirty-eight years old and ought to know better. Inspector Byrnes has devoted a chapter of his book on criminals to her alone.

GEORGE MONROE, alias "LITTLE LOUIE."

Richard Preston is looked upon as a dangerous pickpocket—one that is not only expert in getting the coin, but ready to turn ugly and make a fight to escape arrest. Bob Sherwood, alias "The Gorila," and Ed Williams are men of the same order.

BILLY WALLACE.

The others of the group are as facile with their fingers as constant practice in the pockets of the public will make them, and should any of them get past the railroad detectives it will be all day with somebody's coin.

"I have been notified by the detective departments of several Eastern railroads," observed Chief Crowley of the Southern Pacific detective force, "that every one of these people is headed for San Francisco. All along our system the men are on the lookout for them, and if possible will locate and keep an eye on them until they reach this city, where we will be prepared to turn them over to the police authorities."

JAMES JORDAN.

Captain of Detectives Seymour is not prepared to say what action the Police Department has taken to cope with the expected influx of thieves.

"It's too early yet," he stated, "to say anything on the subject."

Of criminals expected at such a time it isn't the pickpocket that is most to be feared; it's the second-story thief, the porch-climber and the sneak. A big celebration such as there will be here during the visit of President McKinley offers a wide field for their operations; and they are very clever at it. The way some of them can skin up a post or sneak in an entry way and upstairs while the unsuspecting family is at dinner is almost a miracle, especially when you consider how many times they successfully get away with the b[illegible]

GEORGE HILTON, alias "TEDDY KINGSTON."

Of course, the well-known crooks all classes are easy to watch and handle. The great trouble, however, is found in the constantly increasing army of youngsters in the business, adepts at that, who work without fear of detection from photographs until they once fall into the hands of some police department.

HENRY JOHNSTON.

A great celebration of the kind we are to have here next month is, of course, a magnet for criminals. It is published broadcast in all the papers, and any policeman will explain that criminals keep well posted through the press on current events. It is most certain that the very day the itinerary of the McKinley party was first published a copy of it was safely stowed away on the person of any number of the army of thieves—to be taken out and studied just as the followers of racing consult the 'dope' book.

ROBT. M. CASHBOURG.

All thieves intending to profit by such an event do not in a body head for the place of biggest celebration. Competition would be too keen, and they are too wise for that. Many spread out along the route, at terminal cities, and content themselves with what they can pick up in the crowds that gather at the depots and hotels.

The record of the department for the past two months gives little warrant for assumption that the Police Department is aware of, much less prepared for, the danger ahead. Day after day complaints of robbery, burglary and larceny are pouring into the office of the Chief of Police. A half-hearted attempt was made a few weeks ago to gather in a few vags, the police being under the impression that that was all that was necessary to rid the town of the criminal element. Still the complaints came in, and after a member of the department had been caught in the act of attempting to "square" a victim for the gang of bunco steerers three members of that gang were arrested.

EDWARD MARDEN.

Poolrooms, as pointed out by "The Examiner," are running wide open, grafters can be found on many downtown corners, and still the Police Department is apathetic.

CHARLES A. WILLIS.

Will it wake up in time to head off the army of thieves headed this way? If it does not will it be able to thwart their plans when they get here?

For months complaint after complaint, recorded at the police headquarters, have told of the gathering here of an unusual number of criminals. Many have come from over the ocean, from Australia, from Hawaii, from Manila, from Europe by way of India and China. But the big army comes from the Eastern States, attracted to the Far West by stories of gold and genial climate. Over near Oakland recently a gang of bunco steerers operated openly in bold defiance of the peace officers, and the same crowd of sure-thing swindlers wheedled the unsophisticated at the ocean beach and dared the local police to sit up and take notice.

Gambling games of all sorts run openly in many down-town resorts, bunco men and confidence operators fleece the unwary daily, thugs and footpads make things unhappy for pedestrians in outlying districts of the city, and certain lawyers boast openly of their retention by criminal clients.

It is clear that if San Francisco is to receive more criminals during the coming assembly to greet the President, the police should take their duties more seriously and give the city protection.

Meanwhile keep your hands on your pocketbooks and keep out of crowds.
